

WHY BDC SYSTEMS?

SALES & DESIGN

We offer a full range of post-harvest equipment from world-leading manufacturers. Our sales team covers the entire UK and Ireland, and are highly experienced in designing and specifying systems for new-build and plant extensions on an agricultural and industrial scale.

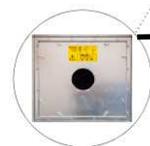

TECHNICAL SUPPORT

As well as after-sales support, our technical support department has an enviable knowledge of all aspects of grain drying, storage, cleaning and conveying.

SPARES

We keep in stock a wide range of commonly required spare parts and ducting for much of the equipment we supply. This can be dispatched quickly by carrier or on our own transport for local customers. Items not carried as standard stock can be sourced quickly from the original manufacturers.

BM Modular Auger Discharge Silos are a perfect choice for the storage and discharge of meal, feed and other light materials that often cause baulking. The square design offers a multitude of combination and easy adaption to optimise space utilisation.

Inspection window

The bottom hopper has two vertical and two 60° sides. Running the length of the hopper is a sturdy 152mm trough auger with flights of different pitches to allow smooth discharge.

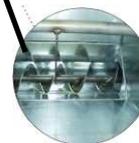

Silos are delivered as kits that are stackable.

Hot dipped galvanised panels for a long service life. The smooth steel finish ensures good internal hygiene and optimum silo discharge.

The discharge height can be adjusted as required by means of extension legs.

An optional agitator can be mounted for particularly difficult materials.

Model	Dimensions (mm) LxB	Height (mm)	Contents (t)*	Motor Size / Nominal Capacity
100	1050 x 1700	1.39 - 4.91	0.22 - 2.28	1.5kw / 7.8
125	1300 x 1950	1.52 - 5.04	0.29 - 3.75	1.5kw / 7.8
150	1550 x 2200	1.94 - 5.45	0.83 - 5.64	2.2kw / 7.8
200	2050 x 2700	2.28 - 5.82	2.05 - 10.76	3.0kw / 4.6
250	2550 x 3000	2.68 - 7.72	4.09 - 23.74	3.0kw / 4.6
300	3000 x 3650	30.5 - 8.09	6.70 - 34.10	3.0kw / 4.6

* based on a density of 650kg/m³
